Ed

I will be sending the Declarations by courier in the next couple of days. Formal drawings are being prepared and we will be forwarding them as well.

Phil

**Subject:** H. Platt et al.-Pat. Appl. 10/009,907-DEADLINE!!

Dear Phil,

There's a five-month extended deadline falling due on September 4th, 2002, which represents the last available deadline for filing the Declaration in Platt et al., Serial No. 10/009,907.

Is the client going to prosecute this case?

There is also a five-month extended deadline for filing the Declaration in Platt et al., Serial No. 10/009,906, falling due on September 19, 2002. Same issue, same question?

There is a "regular" non-extended, original, deadline for filing the Declaration for Platt et al.-Pat. Appl. 10/110,848, on Tuesday, September 3, 2002.

Finally, the Issue Fee and formal drawings are due (non-extendable deadline) on September 20, 2002, for Platt et al., U.S. Patent Application Serial No. 09/463,465.

Please advise as to the foregoing cases.

Thanks!

Regards,

Ed
